Subject: McCalla Intermodal Terminal

308 Walden Pond Road

Headland, AL 36345

Thank you for this wonderful investment in the State of Alabama. The people of McCalla and the surrounding area are very fortunate that Norfolk Southern has elected to make this worthy investment. Anything that gets long-haul trucks off our highways benefits all of us from a safety and economic point of view. AND, an added benefit of this terminal is industrial site selection today is driven by modal choices. This opens up another area of our state for industrial (JOBS!!!) development. WELL DONE Norfolk Southern
